

Hand Held Shower Kits

POLISHED CHROME SLIDE BAR SYSTEM

These multifunction shower systems enable adjustability to fit anyone in your home. The five-inch sprayer head has three spray functions – saturating spray, massaging spray, and saturating and massaging mixed spray. The stainless steel, braided hose is over five feet long for ease of cleaning your shower space. Choose from either a slide bar or an easy conversion kit, which allows for a quick upgrade from a basic showerhead to a versatile hand shower kit.

- 5", three-function hand shower
